SECOND DEATH IN NEW YORK RAIL TIE-UP

Less Than 15 Surface Cars
Morning.

SITUATION IS SERIOUS

Mobs of Women Attack Cars
Maimed by Non-
Strikers.

New York, Aug. 8.—The street railway strike of the Brooklyn Rapid Transit employees was more serious today than at any other time since it was called. Less than 15 surface cars were being operated during the morning and so menacing had the strikers become that the policemen on board the cars were increased from one to five. Two car trains, heavily loaded with policemen, were being operated at infrequent intervals on the elevated lines.

Another death resulted from the strike today when John Morena was killed by a motor truck which was carrying a number of strike-bound Brooklynites to work in Manhattan. Mobs of women attacked several car barns in Brooklyn where non-strikers were preparing to take out cars. The motormen and conductors were pulled off by force and fled, leaving their cars to the mercy of the crowds.

Double crews were placed on the surface cars that the Brooklyn Rapid Transit company sent out during the morning. The company attempted to get subway service as far back towards normal as possible and had advertised for husky young men to work at double pay.

No sooner had the surface cars begun to crawl from the barns than trouble started. Bricks, stones and other missiles were hurled. Nearly 500 additional policemen were sent to Brooklyn from Manhattan. At the same time Deputy Police Commissioner William J. Lahey said that a most vigorous policy would be adopted to protect the non-strikers and the passengers on the cars from mob violence.

Lindley M. Garrison, receiver for the Brooklyn Rapid Transit company, refuses to have any dealings at all with the union.

"I won't treat with them if they tie up every car in the service," he is quoted as saying.

Garrison's stand was backed up by Federal Judge Julius M. Mayer, who appointed him to the receivership.

FIVE ESCAPE AS BAND PLAYS

Jail Delivery Under Cover Of
Noise of Concert At
Warren.

Warren, O., Aug. 8.—Sheriff Thomas headed a posse today searching for five men who escaped from the county jail here last night under cover of the noise made by a band concert in the public square.

The men were from a cot were used by the men as battering rams to force their way through the jail walls. An improvised rope was used to lower themselves from the second story.

While the crowd applauded the band, the five men scaled the walls of the jail enclosure, stole an automobile standing near and made their getaway. Their escape was not discovered until two hours later.

Proposes Free Use of Diamond Store, Services of Clerks and Delivery Wagon in Effort to Reduce High Costs—Offer is Made To H. B. Barth.

BULLETIN

Cleveland, Aug. 8.—First indictments were returned this afternoon by the special grand jury investigating the high cost of living in Cleveland against seven members of the sales company of the Ohio Farmers Co-operative Milk company. The five men are accused in the indictments with violation of the state anti-trust laws.

The men against whom indictments were returned are: H. W. Ingersoll, Allen Miller, S. A. Hull, S. W. Kerner, J. A. Clark, Z. A. Kent, and W. B. Richmond.

Sol Ostrow, East Liverpool business man, Friday offered to advance \$10,000 toward the purchase of government surplus foodstuffs, and donate the use of his business establishment in the Diamond, service of his clerks and a delivery wagon to aid in the fight against the high cost of living.

This offer was made to H. B. Barth, former food administrator for Columbiana county, in whom was vested authority to submit the proposal to city officials or any group of individuals or organization who might take advantage of it.

"Other cities are taking such step," said Mr. Ostrow Friday in discussing the proposal. "Why shouldn't the people of East Liverpool be given a chance to buy some of the government's foodstuffs?"

Would Sell At Cost

In his proposal Mr. Ostrow stated that he would advance the money without interest to purchase a quantity of the surplus army canned vegetables and meats for sale from his place of business in the Diamond at actual cost. He also offered the use of a horse and wagon to haul the supplies from the railroad and said if a sales force could not be secured to handle the rush of business at his store he would instruct his own clerks to help dispose of the foodstuffs.

The two large display windows in the front of the store would be vacated to make room for a display of the foodstuffs offered, he said, and he would move his own stocks from the front to the rear of the store room to permit easy accessibility to the stores of government foodstuffs.

Offer May Be Accepted

H. B. Barth declared Friday morning that he had interested several prominent men in the city in the project, and said if any foodstuffs remained after the postoffice department secured its share under the plan tentatively worked out at Washington for disposal through the postoffices of the country, he would immediately contract for a large quantity of the supplies and place it at the disposal of East Liverpool consumers.

Postmaster M. E. Miskall Friday had not received any instructions from Washington relative to the sale of the supplies through the postoffice here. He stated that he expected to receive a supply of order blanks and price lists of food for sale. Order blanks would be furnished the fourteen city carriers and two rural carriers, under a plan tentatively worked out. Postmaster Miskall said, and these would be left with the housewives for collection on a subsequent trip of the carriers. These will be forwarded to Washington and the orders filled by parcel post.

CONGRESS CLEARS DECKS TO HEAR MESSAGE OF PRESIDENT

By JOHN EDWIN NEVIN.

Washington, Aug. 8.—President Wilson called on congress this afternoon to protect the consuming public from extortion in the cost of necessities of living. Addressing a joint session of the senate and house at 4 o'clock this afternoon the president set forth his recommendations for legislation to cope with the high cost of living.

Thanks to complete co-operation between the Republican and Democratic leaders there was a quorum of both houses. The leaders had kept the telegraph and long distance telephone wires busy all night with the result that when the house met at noon a quorum was in attendance and it was found possible to secure favorable action on the joint resolution authorizing the session. All afternoon members arrived on various trains with the result that before the time for the joint session fully two thirds of the house membership was in Washington.

Republican and Democratic congressional leaders promised that there would be speedy action if the president's legislative suggestions were of a concrete nature.

Washington, Aug. 8.—Congress to

day had cleared its decks for speedy action on the recommendations, designed to bring down the cost of living, which were to be made by President Wilson before a joint session late this afternoon.

The president's message is said to be extremely optimistic in tone, and while it deals almost exclusively with the high cost of living problem, it touches upon railroads in a general way. There is no reference, it is understood, to any definite plan now being considered for the operation of the lines, but the question is treated broadly from the standpoint of the relation the roads bear to the matter of production.

There was every indication among both senate and house leaders that no partisan issue would be raised over the president's suggestions and that the committees to which they might be referred would sidetrack all other matters in order to get the quickest possible results on the president's program.

The possibility that the president might be forced to postpone his appearance because of a lack of quorum in the house had practically passed.

KAFITZ WOMAN FURNISHED TIP INVOLVING MAN IN DYNAMITING

Los Angeles Police Give Facts
Leading Up to Engineer's
Suicide.

WOMAN IS DISINHERITED

Chas. H. McGwyre Ended Life
When Told He Was To
Be Indicted.

Mrs. Maude Kafitz, formerly of Toronto, O., whose fight for the \$175,000 estate of her husband, William Kafitz, capitalist, is said to have figured as a cause leading up to the bombing of the home of U. S. District Attorney Oscar Lawler, at Los Angeles, furnished Los Angeles police with information involving Charles H. McGwyre, assistant engineer of the municipal department of public works in the coast city, according to a dispatch Friday to the Review.

McGwyre, who committed suicide shortly before Wednesday midnight by leaping from the office of District Attorney Thomas L. Woolwine on the eleventh floor of the Hall of Records, Los Angeles, was held responsible Thursday by public officials for the dynamiting. He ended his life after being told that he was to be indicted for the offense.

It was learned after the suicide that McGwyre had been in custody twenty-four hours. Revenge for having been unsuccessful recently in an attempt to break the will of William Kafitz, a capitalist of Los Angeles, in which Lawler represented a nephew and niece, was said to have been McGwyre's motive in seeking the death of the attorney.

Last Monday detectives received an anonymous communication accusing McGwyre of complicity in the dynamiting.

McGwyre's connection with the will contest was reviewed by the examining officials, and a possible motive for the dynamiting was established. At the death of Kafitz, McGwyre asked for letters of administration or the estate.

Mrs. Maude Kafitz, the wife, was disinherited. Mrs. Kafitz filed an affidavit declaring that her husband died without leaving a will, and Mr. McGwyre was made administrator. In the meantime a nephew and niece of the late capitalist produced what they declared to be authentic testament, and asked that it be probated. Lawler represented them and succeeded in having the will declared genuine.

During the progress of the litigation Lawler severely flayed McGwyre and Mrs. Kafitz. McGwyre was removed as administrator and since that time, the police declare, had made frequent threats against Lawler.

What McGwyre's financial interest in the Kafitz will case was to have been had the property gone to Mrs. Kafitz has not been disclosed.

RUNAWAY MAY COST ONE LIFE

Two Men Seriously Injured
When Thrown From
Buggy.

Thrown from a pony cart when the pony became frightened at an interurban car near Fisher's stop, West End, Steve Goddinish, an Austrian, 1277 Foster street, was probably fatally injured and Wm. E. Russell, also of Foster street, was painfully hurt Thursday night about 6 o'clock.

Goddinish is in a critical condition at the City hospital, where he was removed after the accident. He sustained a fractured skull and other injuries. Russell was cut and bruised and was taken to his home.

The two were proceeding eastward across the Jethro bridge when an interurban car came up behind them. A warning signal from the car's siren frightened the pony and it ran away.

Cardinal Mercier of Malines, Belgium, will reach the United States for a visit about September 15 or 20, according to his secretary, the Rev. Dr. Peter Joseph Stryker, who has just arrived in New York. Dr. Stryker came to prepare plans for the prelate's trip.

NEW MOTION PREPARED IN BROKERAGE CASE

Defense Attorneys to Demand
That Prosecutors State
Specifically Nature Of
Charges Against Former
Empire Employees.

Another angle in the legal defense being constructed around Herman Feustel and King M. Brumfield, indicted on embezzlement charges growing out of the failure of the Empire Investment company is in prospect, it developed Friday.

The law firm of Speaker and Farrell of Lisbon, co-counsel with McGarry and McGarry of this city for Feustel and Brumfield, is planning to file a motion for specifications with the common pleas court which would cause prosecuting Attorney Walter Beck to state specifically the nature of the charges against their clients, the exact time the alleged violations were committed, the amounts embezzled and other facts in the case.

Attorney M. J. McGarry said Friday that counsel for the defendants had served notice on the prosecution through the courts when indictments were returned in June that a motion for specifications would be filed. Attorney McGarry leaves Saturday on a vacation and the matter has been left in the hands of Attorney C. S. Speaker.

er of Lisbon, he said. The motion will be filed within a "reasonable length of time," he intimated.

Feustel and Brumfield, indicted individually and jointly on charges of embezzlement preferred by former directors and stockholders of the bankrupt Empire Investment company, are at liberty under heavy bonds awaiting a trial during the September term of court, scheduled to begin September 15. The exact date for their trial has not yet been set.

CUPBOARD IN KITCHEN FALLS UPON HAROLD AMOS, AGED 11

Boy Severely Hurt in Accident
At His Home Thursday.

BURIED UNDER DISHES

Climbs To Upper Shelf In
In Hunt For
Lunch.

Harold Amos, aged 11 years, son of Mr. and Mrs. Homer Amos of Fairview street, was painfully injured Thursday when a large cupboard in the kitchen of the home toppled over upon him while he was searching for something to eat.

The lad, who was alone in the house at the time, was buried beneath the heavy cupboard and its contents of dishes. In some manner he succeeded in freeing himself from the weight of the cupboard and ran to the street where neighbors discovered him bespattered with blood.

Mrs. Ida Emmerling and Mrs. Eva Poplin, residing nearby, ran to the boy's assistance and took him to the home of the former where Dr. M. D. McCutcheon was summoned. Six stitches were required to close an ugly gash in the boy's head while another wound was found in his left leg just above the knee.

The boy and a smaller sister, Evelyn, aged six, were left alone in the Amos home early Thursday morning when the mother left in quest of blackberries. The father had gone to his work at the Harker pottery earlier in the day.

Becoming hungry the Amos lad went to the kitchen and spread two slices of bread with butter for a sandwich. He opened the cupboard doors and, it is supposed, climbed to an upper shelf where he had been told a platter of meat had been placed. The cupboard, a glass-door arrangement placed against the wall of the kitchen and filled with dishes, toppled over with the weight of the boy's body and crashed to the floor, pinning the lad beneath it.

GIRL STRIKES ROCK DIVING

Miss Viola Stanley Narrowly
Escapes Drowning At
Fredericktown.

Striking a submerged rock as she rose to the surface after a dive, Miss Viola Stanley, aged 17, daughter of Mrs. Leona Stanley of Dresden avenue, narrowly escaped drowning in Beaver creek at Fredericktown Thursday afternoon. Prompt rescue by other swimmers and vigorously applied first aid methods saved her from possible death. She is now confined at her home here suffering from a slight concussion of the brain and shock. She will recover.

The girl had dived from a rock skirting a narrow swimming pool just below the dam near Fredericktown during the homecoming celebration Thursday afternoon. As she came to the surface her head struck a rock under which she had been carried by the force of her plunge and was rendered unconscious. Roland Lisk, of this city, dived to her rescue and with the aid of others brought the unconscious girl to the surface.

First aid resuscitation methods were applied at once and the water removed from the girl's lungs. She was carried to the summer cottage of Frank Aley, where Dr. Fitzsimmons of Calcutta rendered medical attention. She was unconscious for several hours, but rallied sufficiently to permit her removal to the home of Mrs. L. J. Longnecker, her grandmother, in Fredericktown. She was later brought to her home in the automobile of Claude Smith.

The injured girl suffered several relapses into unconsciousness during Thursday night.

COUNTY NEWS

PRIMARY FIGHT ON TUESDAY

In the primaries to be held in this county next Tuesday, the only contests attracting attention are in Salem, East Palestine and East Liverpool.

In East Palestine Everett L. Lyon and John Archibald are candidates for the G. O. P. mayoralty nomination. O. J. Butts and Charles W. Helman are rivals for the clerkship. There are six members of the council to nominate, and nine candidates at East Palestine, so that there will be a lively fight there for these positions.

At East Liverpool, on the Republican ticket, there is a contest for city collector, Attorney Harry Brokaw and Jerry Rigby, the latter a returned soldier, being candidates. The other candidates where there is opposition are as follows:

Treasurer, Andy Hughes and John Stamm.

President of council, George Smith and Charles Brown.

Councilmen at large, three to elect, Claude McCoy, George Goppert, Benjamin Gibbons and L. T. Capehart.

Second ward council, K. C. Willis and James Larcombs.

Third ward, A. M. Burns and Jethrow Barlow.

Fourth ward, Robert Stevenson and J. B. Burgess.

In Wellsville, Wallace Fogo and George D. Ingram are having a run for the mayoralty nomination on the Republican ticket.

VILLAGES TO NOMINATE TICKETS BY PETITION

In all townships and villages under 2,000 population in Ohio this fall the elections will be purely non-partisan, so far as any designation on the ballots is concerned, and officers for these districts will not be nominated at the primaries next Tuesday, but must be

made by petition, and these petitions will not be designated as Republican, Democratic or Socialist.

For township school and village officers names can be placed upon the ballots by petitions signed by not less than two per cent of the number voting in the district at the last general election.

Blanks for these nominating petitions can be secured from Lloyd S. Gilmore, secretary of the board of elections, and the petitions must be filed with the board by September 6.

BIDS ON ROAD JOBS OPENED, NOT AWARDED

Bids were received and opened Friday for three sections of improved roads in this county, but owing to the absence of two of the county commissioners the contracts were not let.

The proposed road improvements are two miles on the Lisbon and Sallenville road in Washington township; two and a quarter miles on the Columbiana and Leetonia road, and a little over a mile on the Columbiana and New Waterford road. All the roads are to be macadam.

County Commissioner Philip Bowman is still confined to his home by illness and Commissioner Williams is away on a vacation.

CONGRESS

today with the arrival at the capitol of scores of absentees of both parties. And even should a quorum be lacking, it was said that an understanding had been reached whereby the point would not be raised.

The president today had put the finishing touches on his message—reported to contain some 7,000 words. He will tell in detail of the spirit of unrest that has raised its head throughout the country as a result of the constantly increasing cost of necessities of life and will urge immediate consideration of the program he offers.

One of the president's principal recommendations is understood to be for the enactment of legislation along the line of the Lever food control bill, under which the department of justice is now proceeding in its campaign against big profiteers. However, the scope of the act would be broadened to include not only foodstuffs, but practically all of the necessities of life. Laws to reach out after the petty profiteers also were to come in for consideration and there was a well defined report that a plan of "publicity" may be suggested by the president. Members of the special cabinet investigating committee are known to have considered a plan whereby the ultimate consumer would be acquainted not only with the cost to the retailer of the article purchased, but the cost also to the wholesaler and to all middle men. There was an insistent report that this would be one of the points to be covered by the president today.

Senator Gronna of North Dakota, chairman of the agriculture committee of the senate, which is dealing with the problem of living costs, announced today that he would call his committee together immediately to consider the president's recommendations.

"If the president has any concrete plan to offer for our consideration, I shall call the committee together to begin sifting it down and getting it in shape for legislation," Senator Gronna stated today. "I am sure that I am willing to co-operate in any concrete suggestions the president may offer, and I know that in the general feeling throughout congress, because we are thoroughly aroused to the fact that this situation must be met."

VETERANS TO HEAR SERMON

Returned War Worker Will Speak in Presbyterian Church.

Private Eddy Post, Veterans of Foreign Wars, will attend church services at the First Presbyterian church Sunday night to hear Rev. George S. Macaulay, former Y. M. C. A. worker, just returned after a year's service overseas.

Members of the patriotic organization will meet in their hall, Brookes building, and go to the church in a body. A section of the church and auditorium will be reserved for them.

Rev. Macaulay, whose home is in Xenia, spent over a year with the American Expeditionary Forces in France. His discourse here will be devoted to a narration of his work among the soldiers "over there."

TO LET CONTRACT FOR DRIVEWAY SATURDAY

Contract for the construction of a new driveway encircling the main plot at Riverview cemetery will likely be awarded at a meeting of the executive committee of the Riverview Cemetery association to be held Saturday afternoon in the office of W. H. Vorey, Pottery Building and Loan building.

Bids for the project, which will entail an expenditure of between \$13,000 and \$14,000, were opened Wednesday but awarding the contract was delayed until Saturday. Lawrence W. Allison, East Liverpool contractor, submitted the lowest bid for the work. Other bidders were the Pottery Lumber company of this city and George B. Patterson of Wellsville.

Cocoon Oil Makes A Splendid Shampoo

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Mulisied cocoon oil shampoo (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get Mulisied cocoon oil shampoo at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

New York, Aug. 8.—The New York, New Haven and Hartford railway today put an embargo on freight to facilitate the handling of foodstuffs and other necessities.

The following statement was given out at the offices of the railway:

"The order for an embargo was put out in order to control the movement of freight so that arrangements may be made which are being done now to give preference to the handling of foodstuffs and the shipments of necessities."

On account of labor trouble on the New Haven and Central New England railways all freight is embargoed.

ALLEGED REDS UNDER ARREST

Three alleged "Reds" who, it is said, were arrested in the vicinity of Adena, Jefferson county, recently and taken secretly to the Harrison county jail at Cadiz, were arraigned there today before Justice D. P. Host on a charge of violating the new syndicalism law of Ohio.

Two of the three—Ottorne Alteri, an Italian, and Joe Vegh, Hungarian—waived a hearing and were bound over to the September term of the grand jury under bond of \$3,000 each. In default they were remanded to jail.

The third man—William Makarus, Russian—refused to talk and is being held for further examination.

The authorities believe that these three men are the leaders of the Bolshevik movement that has been manifesting itself in Harrison and Jefferson counties recently and that under the evidence they have gathered, convictions will follow.

Prosecuting Attorney Bartley Moore of Harrison county has been working up the cases against the alleged "Red" leaders and has gathered, it is said, a great mass of evidence showing their connection with the teaching and spread of Bolshevism among the miners of the two counties. The authorities here learned some time ago that the men had been arrested at Adena, but were not informed of the charges against them until today.

The Jefferson county authorities been watching the situation carefully in the coal mining towns of the south end of the county and will co-operate with Harrison county officials in an effort to break up the Bolshevik movement.

FEVER PATIENT HANGS HIMSELF

Escaping from the Ohio Valley hospital at Steubenville during the momentary absence of the night nurse, Joseph Kukeho, aged 34, Russian, of South Ninth street, Steubenville, committed suicide Thursday by hanging himself from a small tree a mile or more from the hospital.

Kukeho had been a typhoid fever patient at the hospital and is believed to have ended his life while in a delirious condition. Hospital attendants found his body a few hours after his escape had been discovered by the night supervisor.

Coroner T. H. Kirk of Steubenville, at an inquest Thursday, rendered a verdict of suicide and absolved the hospital from any blame in connection with the man's death.

COPS' VACATION NEARING END

Vacation periods for members of the Wellsville police department are nearing their close, with but two more members of the department still to take their annual 15-day layoff.

Officer Clyde Baker is next on the list for a vacation. He was to have gone immediately after the return to the force of City Hall Policeman Joseph McDevitt. It is likely, however, that he will leave next week.

Chief of Police John Riel will be the last man on the force to enjoy a layoff. He plans to leave on a trip in September, it is said.

Strike Ballot.

Strike ballots have been received by officials of the Wellsville shopmen's unions from headquarters of the national organization at Washington.

These ballots, which will signify the will of Wellsville shopment on the proposed nationwide walkout of shops craftsmen, must be returned to national headquarters not later than midnight, August 24.

Shopmen here are still at work, having voted at a recent meeting to defer action on the matter until the outcome of the national wide referendum vote of the different crafts was computed.

Temperance Legion Meeting. The Loyal Temperance Legion will meet Friday night at the Fourteenth street mission. Preparations for the entertainment to be staged by the L. T. L. at the Methodist Protestant church next Friday night will be made at this meeting and all those desiring to take part are requested to be present.

Heavy Ducking Pottery Aprons 39c, Saturday only. K. & M. Dollar Store, East Fifth Street.

DRY PERIOD LESSENS WORK

The advent of prohibition in Wellsville has curtailed police court activities.

Since state and nationwide prohibition cast liquor into the discard, the usual weekly quota of drunks falling into police disfavor in Wellsville has dropped from a score or more to none.

For many days the corridors of the city jail have yawned with emptiness, not a footstep awakening the echoes. Only a handful of prisoners were fed in the city lockup last month and none have been incarcerated so far this month.

In contrast to preceding months when the duties of his office kept him busily engaged, Mayor George B. Imbrie found plenty of time to act as city hall janitor in the absence of Joseph McDevitt and when the latter returned found little undisturbed dust to rout into flight.

NOTICE.

Mass meeting to be held at 7:30 o'clock this evening in A. F. of L. hall, corner Third and Main streets, Wellsville. All members affiliated with A. F. of L. are requested to be in attendance.

(Signed) ROY J. LEWIS, President Local Federation.

MAN SHOT DOWN BY DETECTIVE MAY DIE

Akron, Aug. 8.—Alex Stamper, 33, giving his home as Cleveland, is believed to be dying at the city hospital from a bullet wound inflicted about midnight last night by Tony Sipol, B. and O. railroad detective, who says he caught Stamper and a negro holding up a man in the railroad yards. Stamper admitted, police say, that he and a negro had held up five men

during the evening, his share of the proceeds being a small diamond and a \$1 bill.

Thought Snake Was Scarf. Cashtown, Pa.—Mrs. Daniel Slater, of this place, while cleaning in her home noticed what she supposed was a necktie lying upon the floor and stooped to pick it up. She retreated just as the supposed necktie, which proved to be a blacksnake, attempted to sting her. The reptile was later killed by the woman's husband.

MAKES FEET FEEL FINE!

The instant you apply a little strip of soothing Red Top Callosus Plaster to that sore, "achey" callous, corn or bunion, you'll forget your foot troubles.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is a Sign You Have Been Eating Too Much Meat, Which Forms Uric Acid.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and sluggish. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink. A man of the second Red Cross was fund. Pesky Bed Bugs

The new chemical, P.D.Q.—Pesky Devils' Queller—actually puts the everlasting to pesky bed bugs, roaches, ants, fleas, impossible for them to exist where P.D.Q. is used.

P.D.Q. kills and leaves a coating on their eggs and prevents hatching.

A 35c package makes a qt. of the strongest bug killer on earth.

A box of P.D.Q. goes farther than a barrel of old-fashioned bug killers.

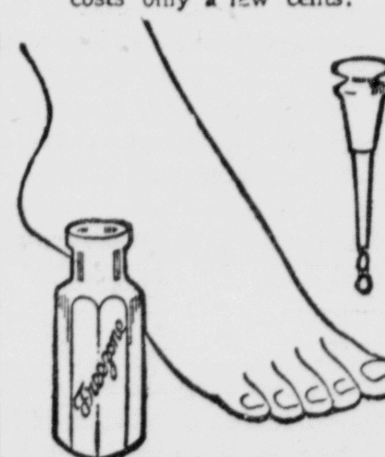

Look for the devil's head on every box; also patent about in every box of P.D.Q.

The P.D.Q. kills fleas on dogs. All leading drug stores.

Sold by Mick's Drug Store.

Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin caluses from bottom of feet.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!

CHECKING AUTO THEFT.

More practical state and interstate measures to stop the theft of automobiles is urged by the courts of New York.

Auto thievery is on the increase everywhere, and it is now a common practice to ship stolen automobiles from town to town or from one state to another, where they are sold to unsuspecting buyers. Nothing but the closest co-operation among dealers, insurance companies and the public officials can put an end to the practice.

It is suggested that an exchange might well be established by the insurance companies to keep a complete register of all cars insured, with detailed descriptions to make identification easier. This bureau would be the headquarters for all reports of stolen cars, and to it any application for insurance could be reported and the application investigated to make certain that the car to be insured was not a stolen one.

Car owners are urged to employ individual initials and monograms which cannot be so quickly changed as can the state license numbers. Finally, greater police activity is needed everywhere, and the most drastic laws for the punishment of auto thieves.

It is essential that such action shall be taken by the states singly and collectively, for the traffic in stolen automobiles has grown already to alarming proportions.

LEGAL PROFITEERING.

"The sad fact is," says the Cleveland Plain Dealer, "that a man does not have to violate the law to profiteer in food."

This probably comes about as near to the crux of the situation as is possible in a few words. And it takes note of a fact that many people do not realize at all.

Most of the complaints about the high cost of living have seemed to imply that prices were being kept up and abnormal profits being made mainly by the breaking of laws. It is doubtless true that there are food combinations violating the anti-trust laws. But at best, that probably accounts for a small part of the extortion. Most of it is of a sort that the laws, municipal, state and national, have never dealt with, except for some slight war-time regulation.

The profiteer we have always had with us. He exists in many forms, in every community. He represents a long line beginning with the producer and ending with the retailer. There is a chain whose links, though they sometimes quarrel, usually hang together pretty well. It is natural for them to work rather harmoniously and apply about the same business principles.

In ordinary times, profits are held down pretty effectively by competition. This is especially true in dull times. Purchasers have little money, so everybody must sell low to sell at all.

These are abnormal times. The nation has become accustomed to "war prices," which themselves were only partly legitimate. Currency and credit are greatly expanded. The consumer's normal ideas of values are upset. Nobody knows what he ought to pay, any more, for anything.

In this situation it is easy for anyone dealing directly with the ultimate consumer to take advantage of him, and easy, too, for anyone selling to this dealer to take advantage of him, and so on up the line. Standards of profit are raised. It is not true in every case, but it will probably be found true in most cases, that in any particular branch of food production and distribution there is more money being made all along the line than there ever was before—not merely dollars and cents, but what really counts—a higher percentage of profit.

This is something which laws find it difficult to cope with. The evil is due not to any organized conspiracy, sometimes not even to any conscious intent to profiteer, but to the gradual growth of a new, grievous and unjust standard of profit.

How can this evil be fought, except by the limitation of profits in the various steps of food distribution to a definite percentage? And is the government, or the public, ready for any such step?

THE DEADLIEST OF ALCOHOL.

Seven men are known to have died in Jersey City within the last two weeks from drinking wood alcohol. There is said to be a considerable "underground traffic" in such alcohol. Men have been stealing it from barges and selling it in the poorer districts. The victims, according to the physician who held the post-mortem examinations, "drank it straight, with water for a chaser."

"I am afraid," says the physician, "that more deaths of the same sort will be reported unless the newspapers educate the public to understand that wood alcohol is a poison. There seems to be widespread ignorance on the subject. Some people believe it is safe to drink because it is sold in drug stores."

There should no longer be any misunderstanding about the matter. Ordinary alcohol, or "grain alcohol," used to be called a "poison" sometimes, but it is a comparatively mild one, whose effects are generally transient. Wood alcohol is a deadly poison, which in small quantities may cause blindness and in quantities as large as customary doses of grain alcohol is likely to cause death.

FOOD COSTS AND STOCK MARKET.

The assertions of food-manufacturers that they are not at all responsible for burdensome prices would be more convincing if it were not for the tell-tale testimony of the stock market.

Almost without exception, the stock of corporations engaged in making or handling foodstuffs and drinks has gone up lately. There seems to have been more of a boom in them than in almost any other line of securities.

The market price of securities is a pretty good barometer. When there is a boom in any line, it means that that line is making more money than usual.

There is no question that the food industry in general has been making a great deal of money. And however the men interested may justify their profits to themselves, they will have great difficulty in justifying them to the public on whom the burden falls.

The crew of a French steamer bound for this country held up the ship for 24 hours while they conducted a strike for better wine and got it. There will be a rush for jobs on French ships when this news leaks out.

NEW YORK LETTER

By O. O. McINTYRE
Special Correspondent of the Review.
New York, Aug. 8.—The twenty story church skyscraper that is to be built on Madison Avenue between Forty-third and Forty-fourth streets by the Fifth Christian Science church of New York will be perhaps the most unique building in this city of odd edifices. It will cost \$7,500,000 and will be the highest structure north of the Metropolitan Tower.

To the casual observer the new church skyscraper will look like an ordinary office building. The distinguishing mark will be the entrance to the auditorium which will seat 1800. There are 14 Christian Science churches in greater New York and a reporter for an evening newspaper finds that men and women are turned away at every Sunday and Wednesday service at each church.

The Rialto has a tremendous following of Christian Scientists, the majority being among the stage stars. I have heard that Broadway is before long to have its Christian Science church, which will be attended in doubt mostly by footlight favorites.

The first Christian Science church, which is on Central Park West at Ninety-sixth street, is the only house of worship in Manhattan that has elevators. They are used to carry church-goers to the balcony which runs entirely around the elegant structure.

Each one of the churches maintains a reading room in more or less congested sections of the city for the followers of Mrs. Eddy and all of the churches unite in maintaining a reading room occupying almost an entire wing of Aeolian Hall on West Forty-second street.

The income from the new church skyscraper will go into the church's fund. A careful censorship will be made on all applications for office rental in the building. It is expected to be finished by Oct. 1, 1920.

A Broadway surface car stopped with a jerk. The passengers saw the motorman hurry out the front door and apparently vanished from the scene. There was a breathless wait. After a few minutes the motorman came back and the conductor, looking worried, rushed up front to inquire the trouble.

"Did you run someone down?" he asked anxiously.

"Naw," he said sheepishly. "A little bit of kid lost some money near the track and she was scared to go home without it. So I gave her a dime. Poor little shaver! And the car jolted on down the main stem of the Coldest Hearted City in the World."

It has been stated from an authoritative source that there are 200,000 drug fiends in New York. At the registration of all addicts, required by law, a few weeks ago only about 2000 registered. They were given cards which identified them and must be presented to secure drugs. The thousands held in bondage by drugs have found all the usual doors closed and now when they awake in the twitching nervousness that comes when the artificial brightness fades—they must go to the underworld peddlers to get the dope. It is said that there are scores of drug peddlers around Columbus Circle at night.

A dapper chap in an awning stripe silk shirt, a plaid cap and a one button coat was riding down Fifth Avenue on a bus with his lady friend the other evening. He was so engrossed in his sporting page that he did not notice her for a number of blocks. Then he parked his gum and looking up said: "Say Gert what is a proletariat, if that's the way you pronounce it?"

Louis Mann wears the highest and the biggest collars on Broadway. They are of the winged variety and give an aeroplane effect to the ears. E. H. Sothern is said to wear the lowest collars. That will conclude the collar lecture for the day.

Additional Fire Protection.
Chillicothe, Aug. 8.—Additional fire protection costing \$7,000 is to be provided for around community group buildings. Additional water mains are to be laid and new fire alarm systems are to be provided.

SOCIETY

Entertained Willing Workers.

Mrs. F. Martin of Jefferson street, Newell, pleasantly entertained the Society of Willing Workers of St. John's Lutheran church Thursday evening. A business session was held during the early hours of the evening, after which a social time was spent. Games and music were the diversions. Luncheon was served on the lawn at a late hour. The home was prettily decorated for the occasion.

W. C. T. U. Meeting.

Crusade Union, W. C. T. U., will meet Friday evening in the First Methodist Episcopal church. All members are requested to be in attendance as important business will be transacted.

Entertained Bible Class.

Members of the Berean Bible class of the Pleasant Heights Baptist mission were guests Thursday evening of Mrs. Edgar Allison of Pleasant Heights. The evening was devoted to the study of the Bible with Mrs. Mentor Shenkel as leader.

Outing of Loyal Sons and Daughters.

The annual outing of the Loyal Sons and Daughters of the First Christian church, held Thursday afternoon and evening at Thompson park, was largely attended. Out-door sports and games occupied the afternoon hours. At 6 o'clock the Daughters served supper, picnic fashion. The monthly business of the class was transacted during the evening hours. A feature of the day was the baseball game between the Men's Brotherhood and the Loyal Sons.

Marriage Announced.

Mr. and Mrs. Brady Wolfe of Bank street announce the marriage of their daughter, Miss Laura, to William Merchant of Moore street. The ceremony was performed Thursday in New Cumberland, Rev. Allen, pastor of the First Presbyterian church, officiating. The bride wore a pretty suit of navy blue and a corsage of pink rosebuds. Both young people are well known in this city. The groom is employed as a packer at Laughlin plant No. 4 in Newell. After a two weeks' honeymoon trip to the lakes they will reside with the groom's mother in Moore street.

Return from Overseas.

Mr. and Mrs. H. A. LeMoine of John street have received word of the arrival from overseas of their son, Wagoner John W. LeMoine, who has been in France for the past year with hospital train No. 65. No word from LeMoine has been received by local relatives for several months until news of his safe arrival reached here this week. He trained at Fort Benjamin Harrison and Camp Grant, Ill. He is stationed at present at Camp Merritt.

Mercer C. Hufford, well known here, has arrived in this country and will be discharged from service soon. He enlisted here in May, 1917, and was sent to Camp Grant, Ill., for training. He was a member of the medical corps of the 17th field artillery. For the past several months he has been stationed with the famous second division in Germany. His home is in Cincinnati.

Ladies of G. A. R. Meet.

Ladies of the G. A. R. met Thursday evening in the G. A. R. hall in East Fourth street and an interesting session was held. The regular routine of business was transacted after which initiation was held. Mrs. James Penney, the president, was in charge of the meeting. Approximately fifty members were in attendance. During the evening the retiring president, Mrs. S. W. Crawford, was presented with an automobile luncheon set, as an appreciation of her work during the past six months. Luncheon was served at the close of the evening, in honor of the three chief officers recently installed.

WAS ADVISED TO USE NERV-WORTH BY TWO DOCTORS

Charles F. Johnson Makes Significant Signed Statement.

Mr. Johnson says that when advising himself and wife to take Nerv-Worth the doctors spoke of it as "the medicine." Here is the story as given to the Columbus Nerv-Worth druggist not long ago:

The Mykranitz Co.—My wife and I have used Nerv-Worth with wonderfully beneficial results. She had been troubled for years with severe nervousness. Pains in the back of her neck. Stomach and digestion in bad shape. Restless at night and very much run down.

I had serious nervous trouble. Tossed about the bed all night long and worn out by morning and it was pulling me down in strength and something had to be done to get relief, as it was effecting my eyesight. We both found it in Nerv-Worth, which put us in good shape and did it quick. It is a wonderful medicine and tonic and rid us of all our nervous troubles. We both eat and sleep well and enjoy good health. We recommended Nerv-Worth to all. It was recommended to us by two doctors.

Neighborhood Nerv-Worth agencies, H. R. Scheff, Salineville; J. F. Calhoun, Wellsville; Welch Drug Store, Toronto; Frank Huff, Chester; G. H. Stewart, Newell.

In attendance, including the teacher, Mrs. Proctor Ankrim.

Miss Cannon Hostess.

Miss Peggy Cannon received last evening at her home in West Sixth street. An informal social evening was spent with music as the feature. Miss Jessica Murdock sang a number of solos, with Mrs. Howard Pittenger as accompanist. A prettily appointed luncheon was served with pink and white as the predominating color scheme of the decorations. Miss Agnes Buchheit of Cleveland was the out-of-town guest.

Discharged from Army.

Private Philip Mulligan has been honorably discharged from service at Camp Sherman and has returned to the home of his parents, Mr. and Mrs. H. Mulligan, of Dresden avenue. He was a member of the 4th ammunition train and has been stationed in France and Germany for the past 14 months. He enlisted in this city December 12, 1917, and was sent to Fort Oglethorpe, Ga., for training. Later he was transferred to Camp Greene, N. C.

Polly and Her Pals

WITH THE WOMEN OF TODAY

There has been much talk about the new fields of work for women, but there are really so many new things for women to do that it seems as though one can always find a different one to talk about. There is one particular field of work opened up to women by the war, of course, in which they have been found particularly efficient and successful. It is draughting.

Until the war came there were few women anywhere who had ventured into that work. In fact there were so few that most cities had newspaper stories about the first girl in their town to take up the drawing board, T-square and compass to relieve a man for service. Gradually the girls entered the work until towards the end of the war many of the largest engineering and construction companies in the country had girls in every position in their draughting departments. One well-known concern in the middle west offered a course in draughting to girls, with a salary of fifty dollars a month while learning. The man in charge said that he had more applicants than he could take care of and that most of the girls who applied were college graduates. He also found the girls more accurate and more careful of details than he had found boys of the same age and experience.

The government discovered that girls could draw plans, too, and many of the yeomanettes in the navy did that kind of work. Two young women who made good along that line are Miss Rose Stokes, of New York, and Miss Louise Larned, of West Point, N. Y. These girls who are both artists, enlisted in the navy as yeomanettes and were in New York in the camouflage corps studying to go abroad when the armistice was signed. They have spent most of their time while in the service putting in details on specifications and charts for submarines. The girls are so satisfactory at their work that they have been retained by the navy although many of the yeomen have been relieved of further duty.

Miss Stokes is commander of the Betsey Ross chapter of the American Legion.

Housewives should demand representation in the president's cabinet through creation of a food portfolio. Mrs. Julian Heath, president of the Housewives' League, recently declared.

"Every class in the country is represented in the cabinet but the housewives," she said.

"The housewives are the ones who suffer most from high prices," Mrs. Heath has addressed a letter to President Wilson, in behalf of the housewives of the country, commending his campaign to reduce living costs.

She has sent telegraphic orders to officers of the Housewives' League in every city, instructing them to begin local attacks on interests that are holding up prices.

Women Butlers Next.

America's most exclusive summer resort is suffering from a dearth of butlers, footmen and valets. Efforts of Newport hostesses to continue their lavish entertainments are seriously handicapped.

Hundreds of former flunkies, home from service, have turned their attention toward careers of broader scope than in the old days.

Many of Newport's former servants won commissions and in some instances commanded the young men to whose wants they had formerly ministered.

The one solution, yet to be realized, is that women butlers may be employed.

Here and There.

Secretary to the secretary of state of Arizona is the position held by Miss Harriet Jean Oliver. Whenever the governor and the acting governor leave the state at the same time Miss Oliver is next in line, and on several occasions she has discharged the duties of the gubernatorial office satisfactorily.

An effort is being made in England to have the priesthood opened to women, but the determined opposition is likely to defeat it.

The Episcopal church proposes to be the first orthodox denomination to grant full equality to women in the church.

BOSTON HONORS SOLDIERS AT OUTING PARTY TODAY

Boston.—The Third Pioneer Infantry, many of whose members were members of the "Dandy Fifth" regiment of the Massachusetts National Guard, were given a big welcome home reception at Nantasket today. It was an all day outing with dinner, sports and dancing in the evening.

The pioneers got home several weeks ago, but many were sent west for demobilization, and it was not until today that the returning soldiers could be gotten together for the welcome.

Cannibalism Follows Famine.

London, Aug. 8.—The famine in Petrograd has resulted in cases of cannibalism, said a Helsingfors dispatch to the Daily Express today. There is almost no food at all in the city and in addition to this scourge a mysterious epidemic has broken out. The disease carried off its victims within three hours, the dispatch said.

Hot Summer Sun Trying on the Complexion

How to Protect Your Skin and Bring Roses to Your Cheeks.

A Free Oatmeal Prescription Does Its Work Overnight. You Can Prepare It at Home.

NEW YORK.—Exposure to sun, dust and wind has a very bad effect upon the skin and complexion. There is a way to overcome this. "It is my own discovery and takes just one night to get such marvelous results," says Mae Edna Wilder, whom her friends ask her about her wonderful complexion and the improved appearance of her hands and arms. "You can do the same thing if you follow my advice," she says. "I feel it my duty to tell every girl and woman what this wonderful prescription did for me. I never tire of telling others just what brought about such remarkable results. Here is the identical prescription that removed every defect from my face, neck, hands and arms. Until you try it you can form no idea of the marvelous change it will make in just one application. The prescription which you can prepare at your own home is as follows:

"Go to any grocery store and get ten cents worth of ordinary oatmeal and from any drug store a bottle of Derwillo. Prepare the oatmeal as directed in every package of Derwillo and apply night and morning. The first application will soothe and soothe the skin, the skin appear transparent, smooth and velvety. I especially recommend this method for a sallow skin, shiny nose, freckles, tan, sun spots, coarse pores, rough skin, redness, wrinkles and in fact every blemish the face, hands and arms are heir to. If your neck or chest is discolored from exposure, apply this combination there and the objectionable defect will disappear. It is absolutely harmless and will not produce or stimulate a growth of hair. No matter how rough and unsightly the hands and arms or what abuses they have had through hard work and exposure to sun and wind, this oatmeal Derwillo combination will work a wonderful transformation in 12 hours at the

most. Thousands who have used it report the same results I have had."

Miss O. C. says: "My complexion was poor and my skin rough. My neck, chest, hands and arms were dark from exposure. The very first application of this wonderful Derwillo-Oatmeal combination convinced me that my poor complexion and skin blemishes would soon be a thing of the past. In a few weeks all those unsightly defects had entirely disappeared and I shall always use it to keep my complexion at its best all the time. I have recommended it to my girl friends and they are just as enthusiastic over it as I am. We all use it before going to the theater, dances or parties and it's wonderful what a difference it makes in our appearance."

Mrs. G. V. writes: "Oatmeal and Derwillo have worked miracles with my complexion. I had many deep-set wrinkles and a sallow, rough skin. My hands and arms were covered with freckles. After eight weeks' use of Mae Edna Wilder's wonderful complexion prescription these objectionable defects have entirely vanished. I look ten years younger and advise every girl and woman to try it and feel confident after one or two applications they will use it continually and be just as favorably impressed with it as I am. I recommend it to all of my friends."

NOTE.—To get the very best effect be sure to follow the complete directions contained in every package of Derwillo. You have only to get Derwillo and oatmeal. You need nothing else, and it is so simple that any girl or woman can afford it. The manufacturers and druggists guarantee that there will be a noticeable improvement after the first application or they will refund the money. It is sold in this city under a money refund guarantee by department stores and all druggists including The Hudson and The Anderson Drug Co.

RAILWAY CUT BY RUMANIANS

Soldiers Are Pillaging in Hungary, Says Budapest Dispatch.

Paris, Aug. 8.—Rumanian soldiers in Hungary have cut the Vienna-Budapest railway and are pillaging the country, according to information received by the peace conference from Budapest.

The Rumanians are said to be assaulting inoffensive civilians and sending into Rumania everything of value they can seize. This includes railway equipment, farming implements and food.

American officials at Budapest report that the Rumanian army is living on the country, seizing food for the men and grain for the horses notwithstanding the fact that the population of Budapest is on the verge of starvation.

The Rumanian commander at Budapest refused to permit Rumanian newspapers to print the message sent by Premier Clemenceau to the Hungarian government, saying that the peace conference would ask the Rumanians to withdraw to the line fixed in the armistice terms on June 13.

The peace conference has not announced any definite detailed plan for dealing with the situation created by the Rumanians in Hungary, although Herbert Hoover, head of the international food relief commission, has begun putting plans in shape for exerting powerful economic pressure upon Rumania to compel her to obey the entente's mandates.

If the inter-allied mission, now at Budapest, fails to restore order, the supreme council may send Marshal Foch or some other well known allied leader to take drastic measures.

Booze Seized; Owner Jailed.

Bucyrus, Aug. 8.—Harry Lockhart, in whose cellar at Leesville was found enough booze to stock a wholesale liquor store, has been taken to Toledo, where he will be arraigned before federal officers on charges growing out of the seizure of the liquor. H. F. Everett, ex-saloonkeeper, it is stated, is facing a charge of having sold Lockhart a car load of this liquor without having a wholesale license.

"HONEY DOVE" CURES ILLS OF WEDLOCK, SAYS MINISTER

Springfield, Ill.—If you keep calling your wife "honey dove," "sweetie, dear," and all those sugar epithets after marriage, you'll never divorce, says Rev. F. B. Martin.

"Let every look beam with honey as in the days of courtship and continued marital happiness is yours," he said in a sermon here.

WOMAN SAVED MUCH SUFFERING

Bytaking Friend's Advice and Lydia E. Pinkham's Vegetable Compound.

West Plains, Mo.—"I was all run down in health, had indigestion and terrible cramps every month so I was unable to do anything. I had tried every doctor in West Plains, also every remedy I could think of, without relief. One day when I was suffering greatly a friend was at my house and said, 'Why don't you try Lydia E. Pinkham's Vegetable Compound?'"

So I did, and through it, I found relief from my suffering and I really believe it saved my life. It does not seem as though I can say enough in praise of this wonderful medicine for the health it has brought me."—Miss CORA LEE HALL, West Plains, Mo.

Perhaps it may seem an extravagant statement to say that this great remedy saved a life; but women like Mrs. Hall, to whom it has brought health, appreciate the danger and suffering they have escaped too well to doubt it! All who suffer should try it. Why risk life and health without it?

CHAUTAUQUA TO OPEN TUESDAY

Do you not want to hear the best of lecturers and finest of music and one of the most popular plays?

The East Liverpool Chautauqua held in the big Colt-Alber Chautauqua tent, August 12-18, inclusive, at City park, west end of Fifth street, during which time a great seven day program fully up to the standards established by the Colt-Alber organization, will be given.

If you buy a season ticket it will cost you \$2.20. The twenty cents goes to Uncle Sam for war tax. If you were to attend all of the numbers and pay the single admissions charged including the federal war tax each time, you would need to pay out \$6.85. Here is an opportunity to save \$4.65 by buying a season ticket.

Season tickets are transferrable within the owner's family, so if it is impossible for a person to attend every session he can have some other member of the family use the ticket at such sessions.

No greater value has ever been offered by the East Liverpool Chautauqua to a season ticket purchaser. One attraction alone, the Percival Vivian company, presenting George M. Cohan's greatest comedy success, "Seven Keys to Baldpate," is a \$2.00 attraction if seen in any of our theatres. Furthermore, it is doubtful if you would see as good a company, for every member of this company has played in important plays during the past winter in our big cities. Percival Vivian who plays the leading role was one of the three principal players in the great New York success "The Better Ole."

There are a half dozen other attractions on the great program to hear anyone of which would cost almost a season ticket, such as Judge Lindsey, Frank Bohn, Dr. Gordon, Tom Skeyhill, Orpheus Pour, Fisk Jubilee Singers. Furthermore, the buying of a season ticket helps the local committee in charge of the Chautauqua.

At The Theatres

"JOHANNA ENLISTS" IS A1 FILM OFFERING

Mary Pickford has three leading men in her support in her newest Artcraft picture, "Johanna Enlists," which will be presented at the Ceramic theatre Friday and Saturday. At least there are three important male roles, but as Douglas MacLean wins Mary in the closing scenes, he is officially designated as the lead. The other roles are taken by Emory Johnson and Monte Blue, two well-known juveniles. It is the third Pickford-Artcraft film directed by William D. Taylor and "Mary's Lambs," officially known as the 143rd regiment, United States Field Artillery, figure prominently in the film play.

During the filming of the picture Miss Pickford was awarded the honor of leading the grand march at the biggest dance ever given in the west—a Red Cross open-air ball given by the Los Angeles Produce Exchange. The ball occurred at the Los Angeles Wholesale Terminal, the largest place of its kind in the world, the dancers occupying the center of the tremendous court where the truck gardeners come to sell their produce to the commission men. There were fifteen thousand in attendance, with 2,500 couples in the grand march, which was headed by Miss Pickford and Dustin Farnum.

On Lookout for Fugitives. Police here have been notified to keep a lookout for five men who broke out of the Warren jail Thursday night. The prisoners, three white and two colored, are supposed to have made their getaway in a Ford automobile.

NITTI CONSTRUCTS GOVERNMENT BASED ON IDEAS THAT OVERTHREW ORLANDO

Premier Francesco Nitti.

Francesco Nitti, premier and minister of foreign affairs in the new Italian cabinet, appears to have constructed a government based on the very ideas which overthrew Orlando and his cabinet. It was only six months ago that Nitti resigned as minister of the treasury, denouncing the extreme demands of the Italian delegation at Paris. The new Italian government appears to be as friendly to France and England as the government which has just fallen.

STOCK YARDS MEN TO STRIKE

Chicago, Aug. 8.—On the heels of the announcement that criminal prosecution of the "big five" packers will be undertaken, and coupled with sweeping investigations into the high cost of living, including meats, approximately 32,000 employees of Chicago's great stock yards are prepared to walk out today, adding to the seriousness of the situation faced by the packing companies. The yards workers, who are affiliated with 42 unions, decided to walk out if the troops, police and deputies assigned to the yards to preserve order, following the recent race riots are not removed at once.

The production of meat at the yards already has suffered from the railroad shop men's strike. Whether operations at the yards stop today depends on action of officials in charge of the guards, according to the yard workers.

U. S. Foodstuffs. Paris, Aug. 8.—The whole American stock of foodstuffs in France has been sold to the French government for \$4,000,000, according to a statement by Marcel Hutin, famous French economy expert, in the Echo de Paris, today. Payment has been referred to avoid losses through the exchange market, M. Hutin said.

STRIKE HITS RAIL TRAFFIC

Columbus, Aug. 8.—Passenger service is beginning to feel the effect of the general strike of railroad shopmen of the Pennsylvania lines and freight traffic is completely demoralized, the tieup becoming more and more severe each day, according to railroad officials.

No freight is being routed through Columbus over the Pennsylvania, except a limited amount of perishable goods. P. W. Sullivan, division superintendent, says passenger engines need frequent repairs and that with the shop men on strike it is only a question of time until this service is seriously affected.

Officials of the Norfolk and Western say their traffic is normal. Hocking Valley, Ohio Central and Big Four employes have not left their jobs.

May Return to Work. Cleveland, Aug. 8.—Seven hundred Pennsylvania shop men on strike, today are voting on the proposal to return to work in accordance with the demand of President Wilson. The men voted yesterday by a narrow margin to remain on strike and it was predicted today that they would vote to return to work in view of the fact that their wage demands are to be taken up.

How Are Your Kidneys? Asks Dr. Carey, Specialist

Famous Kidney and Bladder Physician Retiring From Active Practice Appoints T. Reed Ashbaugh Agent in This Vicinity for His Great Medicine, Marshroot.

During his forty years of constant practice Dr. Daniel G. Carey has helped many thousands of despairing kidney diseased men and women in all sections of the country to regain robust health.

Don't take any chances with your kidneys. If you have the faintest suspicion that your kidneys are weak or your bladder is irritated the wisest thing you can do is to get a bottle of Dr. Carey's Marshroot at once.

Remember, Marshroot is not a cure-all or patent medicine, but is Dr. Carey's most wonderful prescription, which he now gives to all the world and his army of patients only because he has decided to retire from active practice.

The tiniest signals often indicate that the kidneys are ailing and need attention. Dry sky for instance and little specks floating before the eyes.

Sometimes the feet feel heavy, as if your shoes were full of lead. Often the joints ache or you have quick, darting pains shooting through the back or side.

Then again that frequent desire to empty the bladder, cold, clammy feet and just a little puffiness under the eyes.

Occasionally the hands or feet swell slightly and the palms of the hands are moist.

No regular practicing physician has devoted more time to the study of kidney and bladder diseases than Dr. Carey. He himself asserts that many thousands of cases of right's disease and even diabetes could have been conquered by Marshroot, if it had been taken in time. Hereafter you can always get this effective prescription at T. Reed Ashbaugh's and all reliable pharmacists the country over. Keep in mind the name, Dr. Carey's Marshroot. No other medicine can take its place.

Tobacco Hardens the Arteries, Overtaxes the Heart and Shortens Life

Says Dr. Connor, Who Suggests a Simple Test to Find If It Is Hurting You. Can You Stand It?

New York.—Dr. Connor, formerly of Johns Hopkins hospital, says: Hundreds of thousands of men who smoke and chew and who believe themselves healthy are suffering from progressive organic ailments. They would never have been afflicted had it not been for the use of tobacco and most of them would soon get well if they would only stop the use of tobacco.

The best known habit forming principal of tobacco is nicotine, but the most deadly and demoralizing is furfural. Both are deadly poisons, which, when absorbed by the system slowly, but surely, affect the nerves, membranes, tissues, vital organs and vitality of the body.

The harmful effect of tobacco varies and depends on circumstances and the individual. In some it causes general debility, others catarrh of the throat, indigestion, constipation, extreme nervousness, sleeplessness, loss of memory, lack of will power, cowardice and fear, mental confusion, etc.; in others it causes heart disease, bronchial troubles, hardening of the arteries, palpitation of the heart, tuberculosis, blindness, cancer and the common affliction known as tobacco heart.

If you use tobacco in any form you easily detect its harmful effects by making the following simple tests: Read aloud a full page from a book. If your voice becomes muffled, hoarse and indistinct and you must frequently clear your throat, the chances are that your throat is affected by catarrh and it may be the beginning of very serious catarrhal troubles. Next, in the morning, before taking

your usual smoke, walk up three flights of stairs at a regular pace, then stop. If you find that you are out of breath, if your heart beat is forced, trembling or irregular, you may be the victim of a functional or organic heart trouble. If you feel that you must smoke or chew to quiet your nerves, you are a slave to the tobacco habit and are slowly poisoning yourself with the insidious deadly drugs, nicotine and furfural. In either case you have just two alternatives—keep on with your self-poisoning process regardless of the dangers, and suffer the consequences, or rid yourself of the habit and escape the dangers.

You can overcome the craving and stop the tobacco habit in a very short time by using the following inexpensive formula. Go to any drug store and ask for Nicotol. Take one tablet after each meal and in a comparatively short time you will have no desire for tobacco. The craving will have left you. With the nicotine poisoning coming out of your system your general health will quickly improve.

Note: When asked about Nicotol, one of our leading druggists said: Nicotol is truly a wonderful remedy for the tobacco habit. It is way ahead of anything we have ever sold before. We are authorized by the manufacturers to refund the money to every dissatisfied customer and we would never permit the use of our name unless the remedy possessed unusual merit. Nicotol is sold in this city under an iron-clad money-back guarantee by all up-to-date druggists, including Chase, T. Larkin.

LISBON STREET REPAVING WILL BE PROTESTED

Petition is Being Circulated
Among Property
Owners.

PRESENT IT AUGUST 11

Ninety Per Cent of Realty Own-
ers Oppose Improve-
ment.

A petition protesting against the re-
paving of the Lisbon road from West
Eighth street to the McElide property
in Pleasant Heights is being circulated
among the owners of real estate
along the street for presentation to
city council at its next meeting Mon-
day night, August 11.

An ordinance authorizing the im-
provement of Lisbon street, together
with West Eighth street from the
Horn switch to its intersection with
Lisbon street as one continuous im-
provement was passed at a recent
meeting of city council and bids for
the repaving of the thoroughfare will
be opened in the office of City Engi-
neer J. N. George at 1 o'clock Satur-
day afternoon, August 23.

Fully 90 per cent of the property
owners along Lisbon road have signed
the petition, it was stated Friday. The
street was paved some time ago, but
is in such condition that its re-paving
was considered necessary, despite
protests to the contrary by persons
residing in the vicinity.

Because of a dangerous slide in the
street, it will probably only be paved
to a width of 20 feet. A full width
paving is laid it would be necessary
to cut into this slide. To do this
would endanger a further slide and
might possibly entail heavy expense
to clear the roadway, it is said.

PROTEST CLOSING OF LA CROFT SCHOOL

Protest against the closing of the
La Croft school and transfer of the
pupils of Westfield, Ross Meadows and
La Croft to the new Pleasant Heights
building was lodged with the board
of education Thursday night by J. J.
Burns and H. Chilton, residents of
Westfield.

A petition asking that some steps
be taken to eliminate the necessity
of small children between the ages of
six and ten years walking two and
three miles to the new school at
Pleasant Heights was presented to
the board. A committee of three,
Thomas Stephens, D. F. White and
Supt. F. P. Geiger, was appointed to
investigate conditions in that district.
Resignation of Miss Martha Cham-
bers and Miss Matilda J. Helman, ele-
mentary teachers, was accepted last
night. Appointment of Miss Marg-
aret Grabel, Plymouth; Miss Clara G.
Mihollin, Columbus, and Miss Fannie
Rorer, Cook, Ross county, as ele-
mentary teachers was approved last
night.

Use Howard's Buttermilk Cream For Sunburn, Tan and Freckles

Tells all good drug and department
stores not to take any one's money
unless this delightful new vanis-
hing Cream quickly shows a de-
cided improvement. Try it
today at our expense.

The first application of Howard's But-
termilk Cream will astonish you. It creates
beauty almost like magic. The most won-
derful thing about it is the fact that whilst
it turns the dull, most lifeless complexion
to radiant beauty and makes red or rough
hands or arms snowy white, yet there is not
the slightest sign of its use after application.
It actually vanishes from sight and the most
heated atmosphere will not produce the least
shininess or greasiness of the skin.
No matter whether you are troubled with a
poor complexion, wrinkles, puffiness around
the eyes, freckles, crows feet or lines around
the mouth, ugly finger nails, or just a simple
roughness of the face, hands or arms caused
all of these troubles will quickly disappear
by use of Howard's Buttermilk Cream.
To prove this to your complete satisfaction,
get a small quantity today at your druggist
with the understanding that they will freely
return the purchase money of any dissatisfied
user.

BLOATED CREDIT SYSTEM BLAMED FOR HIGH PRICES

George E. Roberts.

The present high prices are chiefly
a reflex of the credit inflation from
which this country is suffering, and
the inflation is remediable, says
George E. Roberts, former director
of the U. S. mint. He says the in-
flated state of bank credit increases
deposits, but does not mean an in-
crease in wealth, since money is now
worth only about fifty cents on the
dollar.

MICE SING IN ALBANY CLAIM

Albany, Ga.—That mice really sing
has been demonstrated in Albany.

Herschell Killebrew is the owner
of a little rodent with a voice that
rivals that of a mocking bird. The
mouse is on display in a revolving
cage at a prominent drug store in
this city and many skeptical ones—
and nearly every one was when he
first heard of the singing mouse—
have been convinced when the spirit
of song comes over the little prisoner.
Members of the Killebrew family
had heard the warble of what they
believed to be a bird about the home
for several months, but were never
able to find the bird. Finally the pet
cat caught a mouse, and catlike, was
tormenting the little fellow before
killing it. Realizing that he was about
to embark on Charon's craft, the little
fellow burst forth into song. Mem-
bers of the family immediately recog-
nized the familiar notes they had
once thought came from the throat of
a bird. The mouse was rescued from
the cat and put in a cage and has
since been the center of much interest
in this city.

Negresses in Politics.
Des Moines, Iowa—Colored women
of Des Moines have met and made fur-
ther plans for the organization of a
woman's political club for colored wo-
men only. The club will make a sys-
tematic study of civic and political
problems, it is said, and the members
will be instructed on how to vote.

WARNING GIVEN LONDON GIRLS

London (by mail).—Marriage
agencies—which, to say the least, are
open to the strongest suspicion—have
started operations in this country
with the object of inducing young
English girls to go to America as war
brides.

The United States consul-general in
London recently had brought to his
notice the following advertisement:

Numbers of capable, sober Ameri-
cans, all in U. S. territory, are seek-
ing British wives. Genuine inquiries
invited. No triflers. Call or write.

"It is necessary to warn English
girls for their own protection against
this sort of agency," said an official
of the Consulate to a Sunday Express
representative. "Many young women
are now trying to get to the states
to join men they say they became en-
gaged to during the war."

"We try to sort out the genuine
cases when they come to us with their
passports. We only use the papers of
those who can show that they have
been actually engaged for a consider-
able time. They have to convince us
that they have really a future hus-
band awaiting them. The rest we
persuade to wait."

Undoubtedly the prospective bride-
bait is being worked in some cases
by white slave agents and in others
by Mormon emissaries. Here are
three typical cases:

The first one girl wished to set out
for was a lumber camp with a popu-
lation of 500 men and no married peo-
ple within miles.

Another girl gave as her future hus-
band's address a place in the Chinese
quarter of a Pacific port.

A Mormon settlement was the home
a third girl was cheerfully planning
to enter.

The advertisements of Americans
purporting to desire British wives
have been circulated mainly in big
provincial industrial centers where
many girls have been employed in
munition factories and are now out of
work. One agency has not only been
offering a husband to those who seek,
but a California fruit farm as well.

"BAYER CROSS" ON GENUINE ASPIRIN

"Bayer Tablets" to be
genuine must be marked with the
safety "Bayer Cross." Always buy an
unbroken Bayer package which
contains proper directions to safely re-
lieve headache, toothache, earache,
neuralgia, colds and pain. Handy tin
boxes of 12 tablets cost but a few
cents at drug stores—larger packages
also. Aspirin is the trade mark of
Bayer Manufacture of Monoacetic acid

"It is amazing how some young
women will believe these marriage
agency offers," said an emigration of-
ficial to the Sunday Express represen-
tative. "They are prepared to go
across the world to meet a supposed
husband about whom they know
nothing. The bogus war-bride busi-
ness has become a scandal. Cases
have come to our knowledge of Eng-
lish girls getting into the hands of
men whose intentions are decidedly
the reverse of honorable. The Mor-
mons are working the husband-in-
America game, and they have been
particularly active in the former mu-
nition centers of Scotland recently."

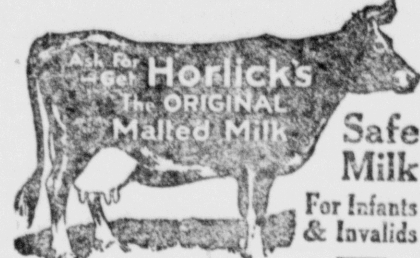

MAHUA TREE PRODUCES LEAVES WITH A "KICK"

London.—Americans who object to
prohibition may be interested in
knowing that in the region of Nizam
of Hyderabad, India, there grows a
mahua tree, the flowers of which
"have the goods." Sun dried, they
contain on an average of 60 per cent
of fermentable sugar, can be delivered
at the factory at \$7.50 a ton and yield
on fermentation and distillation ninety
gallons of alcohol to the ton. A ton
of potatoes will produce but twenty
gallons of alcohol.

Mahua flowers can be pressed, pack-
ed, exported and stored for long pe-
riods without deterioration, says a gov-
ernment report on power alcohol.

THEY'RE GOING TO WEAR 'EM SHORTER IN CHICAGO

Chicago.—Dame Fashion may have
taken a definite stand against con-
servation of cloth in bathing suits for
women, but not so in the fall dresses
and skirts. A bevy of Chicago dress
buyers arrived in the Loop and
brought with them the models that
will be seen everywhere this fall.
They are just like the "high-ones"
being worn in Paris—if not just a bit
higher. Maybe the leaves on the
trees will blush a little redder, but
the hose handler is smiling.

TO FIX TAX LEVIES AT MEETING TUESDAY

Compilation of a budget and estimate of expenditures for the next fiscal year will be taken up next Tuesday when all the taxing units of Hancock county convene. Tax levies for the coming year will also be fixed at this time.

Taxing units of the county embrace the county commissioners, municipal councils and the school boards. Their action of next Tuesday will be confirmed at another meeting to be held on the fourth Tuesday of this month.

A compilation of the taxable property of the county recently made shows that Grant district leads all other districts in the county by \$2,000,000. Clay and Poe districts are largely agricultural districts, but it is thought that Butler district will run higher in valuation on account of the Weirton mill being within that district.

MASONS TO GET NEW HOME NOVEMBER 1

Formal possession of the former John Shradler home on First street, recently purchased by the Chester Masons for a new home, will be taken Nov. 1st.

This announcement was made Friday morning following the forwarding to the secretary of state at Charleston an application for a state charter for the Masonic Temple company of Chester. As soon as this charter is received a meeting of the stockholders of the new company will be held and a board of directors and trustees named to assume charge of the new building.

Extensive repairs and remodeling of the interior of the new Masonic temple are contemplated before it is formally occupied.

WELLSBURG GIRL AND ROBERT ARNOLD WED

Miss Ella Beatrice Muter, daughter of Mrs. Jean Muter of Wellsburg, and Mr. Robert Arnold of Philadelphia, Pa., were married Wednesday evening at the bride's home, in the presence of relatives and friends of the contracting parties. Rev. L. Z. Robinson of Follinsbee, performed the ceremony.

The bride was attended by her sister, Mrs. William Deighton of New Martinsville, W. Va., while Mr. Guy Muter, a brother of the bride acted as best man.

Mr. and Mrs. Arnold will spend a two weeks' honeymoon in Buffalo, Niagara Falls, Cleveland and Detroit. They will make their future home in Philadelphia.

STRICKEN ON TRAIN, DIES IN BALTIMORE

Miss Beryl Mohler, aged 34, daughter of David Mohler, Keyser, died at the Maryland general hospital, Baltimore, Wednesday, following an attack of acute indigestion. Miss Mohler was on her way to New York on B. & O. train No. 2 when stricken. Besides her father Miss Mohler is survived by a sister, Mrs. W. J. Koelz and two brothers, Myron and Hugh Mohler, all of Keyser. Miss Mohler had only recently returned to her home after having resided at Parkersburg, W. Va., for several years.

COLLECT \$517,204.58
FROM AUTO LICENSES

Report of the receipts and disbursements of the state road commission from July 1, 1918, to June 30, 1919, showed \$517,204.58 collected from automobile licenses for the year in West Virginia. Licenses were issued to 45,019 automobiles, totaling \$145,949.67; 5,553 chauffeurs, totaling \$12,861.86; 671 auto dealers, \$8,857.50; 1,106 motorcycles, \$4,815.50; 13 motorcycle dealers, \$65, and special privilege licenses, \$39,921.68. The amounts received from the federal government totaled \$49,290.80.

There was a balance of \$327,655.81 in the road funds of the state treasury on hand July 1, 1918, and this, added to the receipts from automobiles and other sources, made a grand total of more than \$119,000 available during the year.

The disbursements of the commission for the year totaled \$37,620.85, which left a net gain for the year of \$542,495.91.

SUGAR SHORTAGE IS
EXPERIENCED HERE

Newell is experiencing a sugar shortage, it was stated Friday. Wholesalers say they are expecting a car of sugar at an early date. Some of the Newell grocers are selling conservation or wartime sugar which is an inferior grade.

Unclaimed Mail.
The following unclaimed letters are held at the Newell postoffice: Michael Kizzuto, Daniel Coen, Miss Bucey, Martin Hill, William Pickens, Luke Stanley and Mrs. Josephine Powell.

Held Picnic Party.
Adelaide and Cecil Crothers, Newell Heights farm, delightfully entertained a number of their young friends at a picnic party Wednesday evening. Music and outdoor games were the diversions. Supper was served on the lawn at 6 o'clock. About 15 guests were present.

Found Dead in Bed.
Mrs. Irene McCrea of New Cumberland received word announcing the death of her brother-in-law, Robert McCrea, who was found dead in bed on the morning of July 20 at the home of his daughter, Mrs. Daisy Jenkins at Richmond, Cal. Mr. McCrea was a former resident of New Cumberland.

WIFE'S CONCOCTIONS KILLS
PETS, HUSBAND DECLARES.

Atlanta, Ga.—Becoming suspicious when he saw his first wife put a mixture of some sort in his coffee, he sidetracked the cup and tried the secret preparation on some neighborhood pets, with the result that every dog and cat in the vicinity passed peacefully away. I. R. Tyrrell told Judge Pedleton in superior court here. He was given a divorce from Mrs. Anne Tyrrell, the suit being uncontested.

Buy Government Food.
Akron, Aug. 8.—While investigators were making the statement that the local curb market in this city is of no benefit to the consumer, because the producer will not sell in small lots and that it had "deteriorated into a middleman's haven," Akron housewives thronged the armory, where they purchased government supplies at much below the market price. The sale of government food has been so successful in this city that more will be purchased and sold by the city.

SWINE SHOW OPENS.
Cedar Rapids, Ia.—The National Swine Show and Exposition, an annual event here, will be held here beginning today. The entries exceed those of previous years, and the premium list is the largest in the history of the show. Hog fanciers from many states have heard on exhibition.

PASTOR FINED
FOR SPEEDING

Atlanta, Ga.—"If I am guilty, judge, I am also guilty of not practicing what I preach," said Dr. Caleb A. Ridley, pastor of the Central Baptist church, when brought before Recorder Johnson charged with speeding.

"The evidence shows you were speeding," said Judge Johnson. "I must fine you \$10 and costs."

"Then you'll have to lend me the money to pay it," replied the pastor. "I'll let you have it," said Judge Johnson.

Dr. Ridley said there were seven passengers in his car and that they were singing as they proceeded on their way.

"M'm'm'm," said the judge, and turning to the officers: "Did you search the car for liquor?" Dr. Ridley escaped from the courtroom during the roar of laughter that followed.

FIRST WOMAN DRUNK IN
ST. LOUIS DRAWS \$5 FINE

St. Louis, Mo.—Mary Maloney, of this city, is the first woman arrested and fined for drunkenness in St. Louis since prohibition went into effect. She was fined \$5 and costs by Judge Mix in city court.

"What were you drinking and where did you get it?" the judge asked.

"Whiskey that I had stocked up with," was Mary's reply. She told the judge the supply was now depleted.

High Cost of Cleanliness.
Chicago.—It is going to cost more to keep clean.

Advances in the wholesale price of soaps have gone into effect, making the common brands of laundry soap from 25 to 75 cents a case higher, meaning perhaps a cent a bar increase to the consumer. Toilet and fancy soaps are to be increased in proportion, it is declared.

Deer Held Up Train.

Colorado Springs, Col.—A herd of deer "held up" a gasoline car on the Cripple Creek Short Line railway on a recent morning and compelled it to wait 15 minutes.

The deer, instead of becoming frightened at the approach of the train, in phalanx formation raised their heads indignantly, as though disputing the "right of way."

Officials aboard the train had to get off and chase the herd from the tracks.

Grim Humor of Hero.

Lake Elsinore, Cal.—Corporal Raymond W. Boone, a "Devil Dog," Lake Elsinore's war hero, stepped off the train here with the Distinguished Service Cross, several machine gun bullets imbedded in his left leg, a bayonet scar across his face and a mutilated right hand.

Reviewing his part as a marine in the war, Boone said: "You see, the joke was on the Germans. I am left-handed, and they got my right hand."

Rooster Attacks Judge.

Parkersburg, W. Va.—Inspecting city gardens here as the judge in a prize contest, Colonel E. M. Gilkeson was forced to beat a hasty retreat when he was attacked by a large rooster. The skin on his face and hands was broken in several places before he could get away.

HELPS STATE WIN
RACE TO REGISTER
O. K. OF SUFFRAGE

David G. James holding official receipt of returns.

David G. James won by a nose for Wisconsin in the race to be the first state to actually register at Washington its ratification granting equal suffrage. He is the father of Ada James, Wisconsin chairman of the Woman's national party. By a quick journey to the capital he received his official receipt of the returns just before the messenger from Illinois arrived.

PUSH PROBE OF
MILK BUSINESS

Cleveland, Aug. 8.—Delving further into the financial side of the milk business in Cleveland, the special grand jury today had E. M. Baker, president of the Cleveland Stock Exchange, as a witness. He was called to inform the jury as to the volume and range for transactions in the Telling-Belle Vernon Milk company's stock. The books and records of the stock exchange were placed before the jury by Mr. Baker.

Other witnesses for the day included independent dealers and producers who were called upon to tell of the "methods" of the alleged combine.

Promptly carrying out the instructions of United States Attorney General Palmer, United States District Attorney E. S. Wertz was today hard at work on the federal phase of the war on high prices. All of his assistants and local agents of the department of justice were busy. Mr. Wertz declined to give out any information as to his probable course of action, but promised early developments.

Many Liquor Thefts.

New London, Conn.—Numerous burglaries in saloons have been reported to the police since the advent of prohibition. In a number of cases cellars or other storage places have been entered and liquor taken away.

TRAGICAL SCENES WHEN SHIP
DOCKS WITH HEROE'S BRIDES

New York.—There's a whole world of tragedy and comedy, too, when one of the big transports, carrying a few score of war brides of American soldiers aboard docks here.

In very many cases the husbands of the newlyweds are still in England or France. Red Cross workers go down to the piers to meet the newcomers and chaperone them, but in most instances relatives of the brides are there waiting to give them welcome.

A little French girl, plainly of peasant stock, trim and neat, with rosy cheeks and big, blue eyes, came down the gang plank of one of the last "war bride" transports and cast timid eyes over the crowd. Her husband's mother and aunt were going to meet her, she had been told.

Suddenly two greasy-faced women, with unkempt hair and dirty clothes, pushed through the throng and tried to take her in their arms. They were the new mother-in-law and aunt-in-law. She shrank away from them and clung to a Red Cross worker for a few minutes. She was crying when she went away with them to begin a new life in an East Side tenement with none of the fresh air of the Lorraine valleys.

There was another little drama the same morning. A tall elderly gentleman, with snow-white hair and fine features, waited as the gangplank was thrown aboard for some sight of his son's bride. He was from Denver, one of the Red Cross workers said. His only son called him that he had married "a pippin" in Paris and asked him to come east to meet her at the boat.

Down the gangplank came a painted face creature of some forty summers, wearing an extremely short skirt and all the colors of the rainbow. She threw herself at the man from Denver, exclaiming in broken English: "Is ziss ze fazzer of Tom?"

For just an instant the old man's head dropped, as if he had been stunned by a blow. Then he recovered, forced a smile and extended his hand in greeting. The pair departed in a taxi.

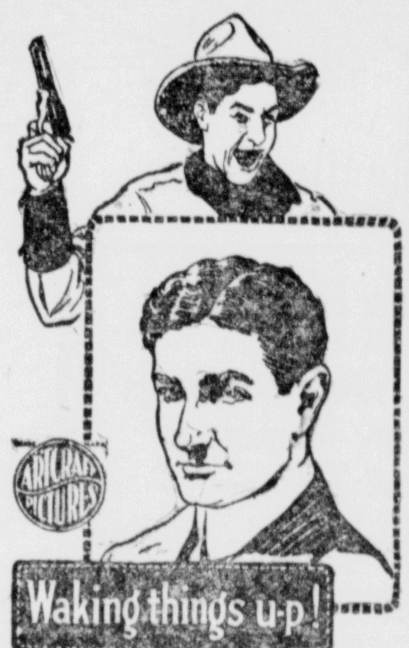

Resinol

itching skin

The first application of Resinol usually takes the itch and burn right out of eczema and similar skin-affections. This gentle, healing ointment seems to get right at the root of the trouble, restoring the skin to health in a surprisingly short time. Resinol is sold by all druggists.

One other morning the Red Cross workers had a difficult time straightening out a great bridal tangle. A soldier named Green, from a little western town, sent his French bride ahead on a transport. Her name was Marguerite. By some trick of fate another soldier from the south, bearing the same name, also married a French Marguerite and they came to America on the same boat. The relatives of the western lad gathered up the wrong Marguerite, kissed her and hurried her off to a hotel before the southern Greens discovered the mistake. They finally traced their new relative by discovering where she had sent her baggage, and the mistake was righted.

BOYS LEAD BIRTH FIGURES.

Los Angeles, Cal.—Substantiating statistics, which are said to prove that nature sees to it that during war more boys than girls are born, Health Commissioner Dr. L. M. Powers reported that 42 more boys than girls were born in Los Angeles during the past year. During the previous year, when the height of the war was in progress 146 more boys than girls were born.

Mary Pickford plays the part of a little girl on a lonely farm who is simply dying for a beau—the only fellow she ever saw that she liked was a "beautiful" brakeman who went by very fast. Then a camp opens up near by, and the farm is literally swarming with beaux in no time. Mary thinks she is not pretty enough and takes a milk bath and one of the officers happens to call at a very awkward moment—you know how it is on a farm—no proper arrangements and all that—still, see this great Aircraft picture for yourself.

GIRL AUTO "THIEF" DOES
NOT STEAL; JUST TAKES

Chicago—Chicago's south side has a girl automobile thief who doesn't exactly steal the cars—she just "takes" them. And the police know who she is but won't arrest her. They are waiting until they "catch her in the act." Even then it won't be a judge's case. Pa will come out with his slipper and you know the rest. The girl is just sixteen years old. She just steps in any car she sees and drives off, stopping only when the gas runs out. Then she hops out and gets in another, leaving the useless machine stand where it is. Her record is six automobiles in six days. The girl is the daughter of a well-to-do Hyde Park citizen.

SWEETKABBAGE GOES FROM
SAUERKRAUT TO HOOSEGOV

Fort Wayne, Ind.—It may be an apt thesis, but Frank Sweetkabbage was found in a car of sauerkraut and arrested on a vagrancy charge. And, speaking of cognomies, this is not a pl line, but a real name. It's that way in the city directory, but Mr. Pap, etc., has had it cut down to Ar. That's simpler. He's a Greek and in all the 16 years he's been in America he hasn't found anybody who could pronounce it the long way.

Legislators Celebrate.

Akron.—The annual legislative reunion of the members of the Ohio legislature, their families, state officials and former state officials, began here today and will extend over three days. The chamber of commerce has charge of the arrangements and many features have been planned for the entertainment of the guests, including visits to all of the large industries of Akron and a number of banquets.

DOWN TO DEFEAT

Lose to Bachelors of Weaver
Crowd, 12 to 5, But Have Alibi
—To Clash Again.

The Married Men of the Weaver crowd, defeated by the Bachelors, 12 to 5, in a baseball game at West End park Thursday evening, have an alibi. Aside from the fact that their pitchers, Carey and Jackson, were given poor support—six errors being made behind, the Married Men claim that Merchant, who was in the line-up of the Single Men, should have been on the opposing team, for, it is asserted, he will desert the ranks of bachelorhood Friday.

Pollock and Woods, for the victors, twirled excellent ball.

Merchant, with a three-base drive, made the longest hit of the game and his fielding was glib-edged. Aldredge, for the Bachelors, also was a star.

Barney Brice and John Fowler were the O'Day and Siz Connelly of the battle and escaped with their scalps.

Both teams will meet in a second battle at an early date.

The score of Thursday's game:

R. H. E.
Married Men 5 10 6
Bachelors 12 9 2

Schenldmiller, Carey and Jackson; Pollock, Woods and Hall.

Struck out by Pollock, 1; by Woods, 1; by Carey, 2.

Base on balls—Off Pollock, 5; off Woods, 1; off Carey, 1.

Three base hit—Merchant.

Time of game—1:45.

.360.

"Big Bill" Powell's Goodyear team in the Akron Industrial league is still traveling at a fast pace, according to reports Friday from the Rubber City.

Despite the fact that two games in which Powell's swatters were victors were thrown out of the percentage column because "Big Bill" played two ineligible men, the Goodyear club is in second place with a percentage of .647, having won 11 and lost six games. The Whitman-Barnes club, with 11 wins and three defeats, is leading the race.

The Amazons defeated Powell's team, 15 to 3, in last Saturday's game, in which Powell, who has been playing first base all season, got one hit, scored a run, had nine putouts and played errorless ball.

On Sunday, the Goodyears took the General Tires into camp, 5 to 0. Powell failed to connect for a safety, but scored one of the quintet of runs and accepted 17 chances without an error. Powell's batting average for the season is .360.

Asserts New Discovery
Brings Blessed Relief To Rose
and Hay Fever Sufferers

Can Make It Yourself At Home At Trifling Expense

In spite of all the doubters and scoffers, a man in Kentucky, who changed his annoying and distressing hay fever into less than a mild cold, claims most emphatically that if taken in time hay fever can be conquered or at least made so harmless that it is not even bothersome.

He gave his discovery to scores of other sufferers with the most remarkable results and has recently been prevailed upon to dispense it through pharmacists to all hay fever sufferers who still have faith that nature has provided an effective remedy for this common yet miserable disease.

And best of all this remedy costs almost nothing. Get a one ounce bottle of Mentholized Arcline at any drug store, pour the contents into a pint bottle and fill the pint bottle with water that has been boiled.

Then gargle as directed and twice daily sniff or spray each nostril thoroughly.

That's all there is to it; so simple that a lot of people will say that it can't do the work; but oftentimes simple natural remedies are the best as you will find after using.

If you will make up a pint and use it for a week or ten days you need not be surprised if your unwelcome yearly visitor fails to appear.

And best of all this remedy costs almost nothing.

The Yank injunction enabled Carl Mays to pitch and win a game against the Browns. It did not restrain the Browns from taking one half of the

double header, however. Urban Shocker registered the Browns' victory.

The Giants got off the toboggan long enough to trim the Cardinals but they had to work hard for the victory. Triples by McCarty and Barnes produced the winning runs.

Eppa Rixey gave up four hits to the Pirates. Whitted helped out with a home run.

Ty Cobb batted in the winning run in the tenth inning at Washington. Bush carried the run home. The Tigers made a clean sweep of the series.

PILOT CHANGES DUE IN MAJORS

Severe Shakeups Are Expected In Cardinals, Red Sox and Phillies Before Next Spring.

By JACK VEIOCK.
New York, August 8.—Several major league ball clubs may bloom out with new owners and managers before another baseball season rolls around. From sources that are usually reliable comes the hint that at least one American league club and probably two in the National league will be so affected. On the face of happenings during the last six or eight months it is not difficult to make a fairly accurate guess as to what clubs are most likely to undergo such changes. Take the Boston Red Sox for one. The Sox have been measurably prosperous under the regime of Harry Frazee, who stepped from theatrical ranks long enough to close a deal for them and proceeded to run the club along business lines as he has seen fit. But Frazee is not as solid with the "powers that be" in baseball as he might be, largely because he has maintained the right of conducting his baseball business in Boston according to his own ideas. To the average fan Frazee has been "getting away with it," but under the surface he has found managing anything but a joy forever because he has been tugging on a lin in his lonesome, so to speak. Rumors from more than one source—any number of them from Boston—

carry predictions that the Red Sox will be sold by Frazee this winter, and those close to the Boston magnate intimate that he is willing to get out from under if he can sell his own club. Should Frazee sell out it is probable that new owners would bring in a new manager, which would bring about Ed Barrow's finish as the Sox manager. Of course, the probability of the Red Sox changing hands is founded largely on hearsay, but many surprising things happen in baseball—and the sale of the Sox would not be so surprising after all. Another club that may start the 1920 season with new owners and a new manager is the Phillies. The Phillies have lost popularity with the fans of Quakertown, and under the present regime they stand little chance of regaining it. The fans of Philadelphia will not forget the deal that sent Alex and Killifer to the Cubs for some years to come. The Phillies, furthermore, are not getting the proper patronage. Hence the prediction that they will be shaken up during the winter. The St. Louis Cardinals, for several years the worst kind of a financial flivver, are also due to change hands if baseball enthusiasm in St. Louis looks strong enough to give new capital the courage to buy. Time was when the magnate had little trouble finding a buyer when he tired of the business or failed to make a go of it. Today it's something else again. But the Cards, under stock company rule, especially where there are any number of stockholders, will not be successful. No ball club can be under such conditions.

YANKS CANNOT SHAKE HOODOO DESPITE CASH

Spending Big Money For Players Disease With Ruppert.

OUTFIELD IS VERY WEAK

The Acquisition of Mays May Strengthen New York Club.

New York, Aug. 8.—Spending big money for ball players is a disease with Colonels Ruppert and Huston, owners of the Yankees. The jovial colonels have been digging deep at regular intervals for new talent. Ever since they unloaded the purse strings to buy the New York club and franchise their lives have been filled with purchases. But the Yankees, no matter how strong they look on paper, seem unable to shake the persistent old hoodoo that has been camping on their trail for years. The latest Ruppert-Huston purchase, which brought Pitcher Carl Mays to the club for a sum said to have been \$25,000 cash and three players, may make the Yanks look better. But Mays, as far as we can see, will have just as hard a time holding up his end with the Yanks as any of the other good pitchers on Miller Huggins' roster. When a club is burdened with a hoodoo—and the Yanks most certainly are—it doesn't make much difference how many good pitchers it has. Fact is, the Yanks have lost more games this year by blowing up unexpectedly than any club in either league. They have piled up leads of three to five runs, only to aviate in the later innings and permit the opposition to come from behind. How come Miller Huggins wishes he knew. On paper the Yanks have a lot of

class. Their weakest spot is the outfield. Lewis has made a great play for the Yanks, just as he would be a great player for any club. Ping Bodie, however, is just Ping Bodie—so good and no better. Sam Vick is a corner, but a charity horse laid him low and kept him there for a long time. The Yanks, to our notion, need an outfielder worse than anything else—but they keep on buying pitchers. With a staff composed of Mays, Quinn, Shawkey, Shore, Schneider, Nelson and Smallwood to do the right hand flinging and Herb Thormahlen and Lefty Mordridge to take care of the portside assignments Huggins is loaded with pitching talent. His catchers—Hannah and Ruel—are hard workers and steady enough, though neither is much of a hitter. His infield with the slugging Frank Baker, the flashy, hard-hitting Peckinpaugh, the capable Pipp and Derrill Pratt, a highly experienced player, is strong enough to suit the average manager. But the Yanks find the going rough. The Colonels have heard no noise like a pennant-winning dividend.

TRIES TO END LIFE WHEN HUSBY WAS CRITICIZED

St. Louis, Mo.—When neighbors told Mrs. Minnie Beham, aged 18, a bride of six months, that her husband "looked every day of forty" and was "a great deal too old for her," she became angered and tried to end her life by swallowing the contents of a bottle of liniment. Her husband knocked the bottle from her hands after she had drunk a small quantity of the liquid. The Joys of Motoring. Bernard, Kansas—J. K. Caughey, a farmer living near here, lost ten acres of wheat in a peculiar accident. The wheat was set afire by the exhaust pipe of his automobile.

FIVE LOCAL MEN JOIN MIDLAND

Manager Anderson Strengthens Club For Game With Pittsburgh Giants in Steel Town Monday.

As a result of the acquisition of five East Liverpool baseball players, the Midland club will present its strongest lineup when it faces the fast Pittsburgh Giants, a colored nine, in a game in the steel town Sunday afternoon. Announcement was made by Manager William G. Anderson of Midland Friday that he had signed infielders Les McMath, Eddie Davis and Eddie Ridgley, Outfielder Kent McConnell and Pitcher Hap Jackson, all former stars on the Grand Athletic club here. Bell Hall is managing the Pittsburgh Giants, Sunday's attraction, who have in their lineup the best colored talent in the Pittsburgh district. Manager Anderson of Midland said. The fast Leslie club of Millvale, Pa., has been booked for a game at Midland Sunday, August 17. Midland has several open dates on its schedules and seeks games with teams in the East Liverpool district.

BUCKEYE STATE BRIEFS

Cincinnati.—Every exhibit at the annual food show, being held at Chester park, is for the purpose of showing how the cost of living may be reduced and the suggestions are timely.

Newark.—The Kiwanis club of this city has declined the challenge of the Rotary club for a golf tournament. There being not enough golf players among the Kiwanis members to accept the challenge, it was directed that a counter challenge be issued to the Rotarians for a game of baseball, horse shoes or marbles.

Bellefontaine.—With the Fourth of July committee in the saddle, this city will conduct a drive August 21 for \$7,500 for the purpose of providing a municipal swimming pool in Fountain park. The project is popular and it is believed no trouble will be experienced in raising the money.

Greenville.—Food probers in this city have before them an anonymous letter from a man signing himself a "victim," in which it is charged that a "certain grocer in the city makes the quotations each day and the other grocers maintain the price."

Niles.—Plans are being made here for an old-fashioned Labor Day celebration, with athletic events—everything.

Delaware.—Police have been asked to search for Rev. David Gow, Baptist minister at Radnor, who has been missing for a week. He sold an automobile before disappearing. Friends say there was no domestic trouble. It is also asserted that a son of Rev. Gow disappeared in a like manner some time ago.

GIRLS LIVE PRIMITIVE LIFE IN CAVE MOUNTAINS

Mt. Carmel, Pa.—Berry pickers on a mountainside near here discovered three scantily clad girls roaming about in the underbrush and after a while saw them enter a cave. The police went to the place and found the girls living a primitive life. They were about 16 and of foreign extraction. They admitted having left their homes a few weeks ago. Clothing was secured to permit their being returned to town. The trio had existed on berries and leaves and were half famished.

Union Hours For Ministry. Boston.—An eight-hour day for clergymen to make them work harder. That's the prescription Bishop Frank Hale Tourer of the Episcopal diocese of Western Colorado has ordered for his clergy, he said while on his way to his summer home on the North Shore.

POLES OCCUPY MINSK

MISS MARGARET EAGLE AND R. M. STEVENS WED

The wedding of Miss Margaret Eagle of Ohio avenue and Reilly M. Stevens of Ohio avenue was solemnized in the Methodist church at New Cumberland Monday. Mr. Stevens is well known in East End and makes his home with Mr. and Mrs. William Burlingame of Ohio avenue.

Miss Eagle was prettily attired in a blue silk dress and carried white roses. She was unattended. Immediately following the ceremony in New Cumberland, the young couple were given a wedding dinner at the home of the groom's brother, Clarence Stevens of Ohio avenue. Covers were laid for 40 guests.

Mr. Stevens is a returned soldier. He served in the Argonne Forest and on other important battle fronts. He is employed at the city water works. The bride is a popular young lady of East End.

The young couple will reside after a short honeymoon in East End.

Oakland Team Wins, 7 to 2. The Oakland baseball team defeated the East End Independents 7 to 2 in the third game of the series Thursday evening at Columbian park. This was the third straight victory for the Oakland nine and also gives them the

series. The pitching of Hanna for the winners was the feature of Thursday's game.

Returns from Overseas.
Mrs. Ella Whitney, Harker avenue, has received word of the arrival of her son, Daniel, from overseas. He expects his discharge within ten days.

Lawn Fete Friday Evening.
Troop No. 1, Boy Scouts, will hold a lawn fete on the lawn of the Second Presbyterian church Friday evening. Ice cream and cake will be sold. The proceeds of the affair will be used to defray the expenses of next year's outing.

Visiting in Pittsburgh.
Miss Mabel Podwell, Erie street, visited in Pittsburgh Thursday.

SMITH'S FERRY

Mrs. James McGrew and son Thomas spent Wednesday with Mrs. Mary Shannon.

George Chaffee is ill from an attack of measles.

Miss Helen Thompson and Mary Chaffee were East Liverpool callers Wednesday evening.

John Cochran received word last night of the death of his son-in-law, William Fullerton of Pughtown, W. Va.

Ellen Chaffee of Smith's Ferry

spent the week with friends in Beaver.

Frances Quinn left Thursday for Canton, O., to spend two weeks with her sister, Mrs. John Moriarty.

Mrs. William Hill who has been confined to her home with typhoid fever has recovered.

H. B. Ralston, ticket agent at Smith's Ferry, left Thursday with his wife and two children to spend two weeks at Mt. Clemens, Mich.

H. A. Beany of Macedonia is taking H. B. Ralston's place as ticket agent for two weeks.

Mrs. R. C. Davis and Misses Jennie and Ida Moore of Smith's Ferry were East Liverpool shoppers Thursday.

W. E. Dawson was a Beaver visitor Wednesday.

Miss Jessie Dawson of Smith's Ferry returned home Wednesday after spending two weeks with her sister in Bedford, Pa.

Mrs. J. R. Thompson and son Ralph and Mrs. D. Chaffee and son Theodore and Rev. H. A. Teets spent yesterday at New Salem.

Mrs. E. E. Lambright of Locust Heights was calling on Smith's Ferry friends this week.

Suffers Peculiar Injury.

St. Mary's Aug. 8—"Drop foot" due to severing the ligaments of the left ankle was the peculiar injury suffered by Helen Friemeling of Wapoketa when an automobile in which she was riding overturned near here. Three other occupants escaped injury.

VETS SURPRISE VISIT FAILS

Lincoln, Ill.—Private Ernest Parcenski returned home from France to find himself almost an outcast. He came in the stillness of the night. It was to be a glorious surprise, as he had preceded his arrival with no word.

At 2 o'clock in the morning Ernest tapped at the door of the Parcenski home. No response. He pounded. "Get away from there," bawled an angry voice from above.

"It's Ernest! Let me in," remonstrated the over-zealous youth.

Bang! went the window and Ernest didn't get in.

Another family had moved into the Parcenski home during Ernest's absence. He had not been informed.

But a happy thought struck him. The family grocer would know where the Parcenskis lived. He applied and

they directed him to the new Parcenski home.

"Gettin' chased off the place is a fine homecoming," he mumbled when the folks let him in.

To Exhibit Bass and Blue Gills.

St. Mary's, Aug. 8.—One thousand each of large and small-mouthed bass and blue gills for exhibition at the state fair are to be taken from St. Mary's fish hatchery. The balance of the season's hatch will be distributed to various inland waters.

FRECKLES

Now is the Time to Get Rid of These Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as Othine—double strength—is guaranteed to remove these homely spots. Simply get an ounce of Othine—double strength—from any druggist and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful, clear complexion. Be sure to ask for the double strength Othine as this is sold under guarantee of money back if it fails to remove freckles.
